**Madalina Cristil**  
Senior Community Analyst  
Product Strategy, Community Hub  
@MadiCristil

**Safiya Mohamed**  
Community Analyst  
Product Strategy, Community Hub  
@safiommo

# Agenda

- Why are communities important to Veeam?
- Veeam community: How to get engaged?
- Veeam Community Hub
- Veeam User Groups
- Gamification
- NFR
- Veeam 100
- Veeam 100 opportunities

Why are communities  
important to Veeam?

veeAMON2023

# Veeam community: How to get engaged?

# Veeam Community Hub

# Community engagement at the Hub

Grow as a Veeam® pro and broaden your skill set by completing FREE [Veeam University](#) training.

Bring your knowledge and expertise to contribute to the [Community resources](#) space by creating blogs and podcasts.

Join discussions around Veeam community projects, Veeam events, industry and technology news in [Discussion Boards](#).

## Veeam Community Resource Hub

Veeam's overall community site to engage with Veeam community projects

[COMMUNITY.VEEAM.COM](https://community.veeam.com)

Attend Veeam [Community events](#).

Share experiences and expand your network in virtual [Veeam User Groups](#) in your local language. You can lead the local Veeam User Group!

Join [Thematic Groups](#) to meet our cloud, Kubernetes, automation and cybersecurity passionate members!

# Sharing in the Community Hub

# Veeam User Groups

**Run by users, for users**

The Veeam User Groups  
are a community of  
Veeam Users.

It is a great way to meet  
Veeam users local to  
your area.

Connect, share experiences,  
learn from your peers and  
expand your network.

# Cyber Security Space

**Learn from cyber security professionals on how to keep yourself protected!**

With lots of resources sharing certifications, security tips, events and more, you will learn to create a more secure environment for yourself at the Cyber Security Space.

# Automation Desk

All-things automation are at the Desk!

Whether you are a newbie or expert in automation, the desk is for you. Ask and share about different automation options: Chocolatey, Python, Ansible and more. Pull up a chair and get ready to do some automations!

**Understand how to protect your data in the cloud using Veeam products!**

Book a trip to Cloud City! There, you can ask questions and join discussions about Veeam's Public Cloud and SaaS solutions: M365, AWS, Azure, GCP, Salesforce and more.

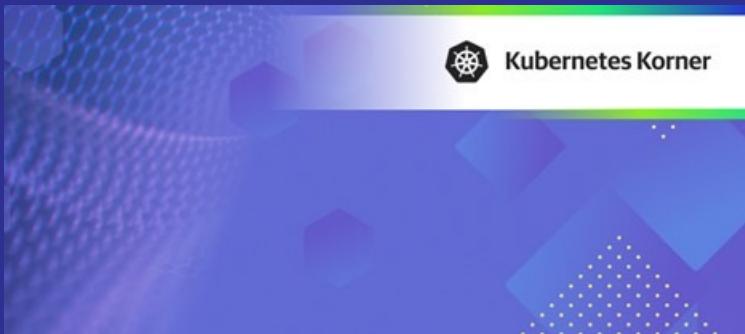

# Kubernetes Korner

**Great for anyone starting their Kubernetes community journey!**

Share your learning experiences, give feedback, have solution discussions and talk all-things cloud-native, Kubernetes and DevOps.

# Kasten K10 Support

**Get support from the Kasten team themselves!**

This group is supported by Kasten employees who are there to assist all your Kasten questions. Have feedback? Share it at Kasten K10!

# Gamification in the Hub

## Show your accomplishments off!

Badges

Ranks
